

Declaration of Conformity according to REACH Regulation

As of 01/2024

Regulation (EC) No. 1907/2006 (REACH Regulation) is the EU regulation on the registration, evaluation and authorisation of chemicals. It regulates the handling of chemical substances in preparations and articles.

REACH is intended to make the use of chemical substances fully traceable from production to end use.

Registration of chemical substances

H.C.A. Collection Handels-GmbH is a "downstream user" in the sense of REACH. Our products are considered "articles" and not "substances", and as such are not subject to registration.

The raw materials used are either not subject to registration or are registered by our suppliers.

No chemical substances are released from our articles under normal conditions of use (cf. Art. 7 para. 1 of the REACH Regulation).

Substances of very high concern (SVHC) according to Art. 33 of the REACH Regulation

According to current knowledge, the metals processed in our products fall below the limits of the "Substances of Very High Concern" (SVHCs) listed on REACH - Annex XVII No. 23, 27 and 63, in particular

- Cadmium: less than < 0.01 % (100 mg/kg)
- Lead: less than < 0.05 % (500 mg/kg)
- Nickel: less than the migration limit of < 0.2 µg/cm²/week

We comply with the obligation according to Article 33 of the REACH Regulation and inform our customers immediately if, according to new knowledge, "Substances of Very High Concern" (SVHCs) are contained in our products above the limit value.

We hereby confirm that our products comply with the REACH Regulation.

This declaration is valid for the product groups:
